Grant writing tip

PROPOSAL TRAINING ON CITI (The Collaborative Institutional Training Initiative)

The Office of Research Administration is

pleased to inform you that we have added a new course to make your grant writing process easier. We have added “THE ESSENTIALS OF GRANT PROPOSAL DEVELOPMENT (EGPD)

training to our institution’s account on CITI. Head over to CITI to take this training that is available free of charge to you. And remember; **Always ask for help when you need it.**

Project highlight

Michele Day, Director of the School of Social Work, received **\$131,768** from the **Missouri Department of Social Servies.**

The Missouri Mentoring Partnership’s (MMP) mission is to prepare youth for personal success in employment, education, healthy life styles, and self-sufficiency through mentoring support. MMP

serves youth primarily between the ages of 16 and 21 by offering worksite and young parent mentoring to youth at risk of entering the welfare or justice systems. The Worksite Program is built on partnerships between MMP and local businesses to provide motivated young persons, who have experienced difficult life changes, with opportunities for employment based on a mentoring support system.

The Young Parent Program is designed to support young mothers and fathers, up to the age of 21, who are pregnant and/or parenting to prevent second, unplanned pregnancies, while increasing parenting skills, immunizations, and promoting education.
