## Course Reassignment Fund

The ORA will assist colleges in funding up to two-course reassignments per year to give release time to potential PI's to develop, write and submit their proposals. The ORA will reimburse up to \$3,000 (plus fringe benefits) to cover the cost of a per-course faculty member. Funding is limited for this program, so it is necessary to gain authorization for the funding, prior to the course release, with the Course Reassignment Request Form. Your Department is responsible for covering the cost of hiring the per-course faculty member up-front, the ORA will reimburse the Department once a proposal has been submitted.
